Bulk Geoscience Data Request – Terms and Conditions

Terms and Conditions of Use

The Northwest Territories Geological Survey (NTGS) is part of the Government of the Northwest Territories (GNWT). Its mission is to advance exploration through fostering collaborative research, building capacity, sharing knowledge, and providing advice for the betterment of the Northwest Territories (NWT).

This form applies to requests for **bulk, customised, or non-standard geoscience data extracts** that are not available through regular online download services maintained by the NTGS, such as https://app.nwtgeoscience.ca/

Requested Data

- ☐ Mineral Exploration Assessment Report (AR)*
- ☐ Mining Incentive Program Report
- ☐ NTGS Open File/Report
- ☐ NTGS Open Data
- ☐ Historical files donated to the NTGS for public accessibility
- ☐ Other**

Additional Details:

*The NTGS acquires ARs through the GNWT Mining Recorders' Office from mineral exploration assessment reporting, as per Mining Regulation Requirements.

** Please describe custom data requests with as much detail as possible, such as geographic area, dataset name(s), time range, format if known, *etc.* This can be included in a separate document if needed.

IMPORTANT NOTICES (PLEASE READ CAREFULLY)

By submitting this request, you acknowledge and agree to the following:

NATURE OF THE DATA

- Data provided may include legacy datasets, third-party submissions, and/or industry-reported data.
- Data will be supplied in existing formats and structures, which may vary across datasets.
- Metadata completeness, consistency, and standards may vary.

AS-IS PROVISION AND NO WARRANTY

All data are provided on an "as is" and “as available” basis, and NTGS makes no guarantees, representations or warranties respecting the data, either expressed or implied, arising by law or otherwise, including but not limited to, effectiveness, completeness, accuracy or fitness for a particular purpose.

USER RESPONSIBILITY AND RISK

Use of the data is entirely at the user’s risk. The GNWT and the NTGS accept no liability for errors, omissions, or inaccuracies, nor for any damages, direct or indirect, resulting from reliance on the information provided. Users are responsible for independent verification prior to any critical use of the data.

ATTRIBUTION AND REPRESENTATION

All rights to these data are reserved. Use of any data, graphs, tables, maps or other products obtained, whether direct or indirect, must be fully acknowledged and/or cited. This includes, but is not limited to, all published electronic or printed documents, such as articles, publications, internal reports, external reports, research papers, memorandums, news reports, and radio or print.

Use of the data must not imply endorsement by the NTGS or the GNWT.

SERVICE LIMITATIONS

Fulfilment of bulk geoscience data requests is subject to:

- Staff availability
- Technical constraints
- Request size and complexity

The NTGS reserves the right to:

- Limit the scope of requests based on the above limitations
- Defer requests to a later date
- Deliver data in stages or propose alternate data delivery methods
