

2014 Information for Poster Presenters

Poster and Soapbox Coordinators: Dave Watson (david_watson@gov.nt.ca)
Maurice Bowen (maurice_bowen@gov.nt.ca)

Poster boards

- Size: **47" high x 85" long**
- Material: felt suitable for Velcro (not included), not suitable for pins.
- Color: royal blue or gray

Duties:

- Poster authors must be **registered** for the conference and **in attendance at their posters** during Poster Session.
- Authors are reminded that **an abstract is required** for a poster presentation. See our website for abstract submission and deadlines.
- Posters that duplicate an oral presentation may not be accepted unless approved by poster session chairs.

Set-up and tear-down

- The poster session will take place in the lobby of the Capitol Theatre, which is the same building where the talk sessions will be held.
- A floor plan and list of authors and locations will be posted on our website at least a week before the week of the Forum. This same floor plan will also be posted in the lobby on Monday November 24.
- Please **set your poster up** Tuesday November 25, in the morning, after you have registered.
- **Tear down** will take place Thursday November 27, starting at 1:00 (during the lunch break).

Soapbox talks

Poster presenters are again being given the option to give a scheduled 3-5 minute oral presentation in front of their poster during the Poster Session. If you would like to deliver one of these “Soapbox Talks”, please indicate this when you submit your abstract. Note that talk slots fill up fast and are allotted on a first-come first-served basis. Students take preference if the Soap Box talks are over-subscribed

Thank you and we look forward to seeing you at the 42nd annual Yellowknife Geoscience Forum.

Dave and Maurice
