

Canadian Minerals and Metals Plan Survey - NWT

As a component of the Canadian Minerals and Metals Plan, the National Geological Surveys Committee is seeking your input to assist us with the development of a Pan-Canadian Geoscience Strategy. Please take a few minutes to answer the following questions:

1. Do you consider the following pan-Canadian priorities listed below to be priorities for you to support your work in the Northwest Territories (NWT) (or any other province)?

Y / N

Y / N Framework geological mapping and associated thematic studies

Y / N Mineral and petroleum potential assessments

Y / N Improved access to online data and information

2. Are there other geoscience activities that you consider to be priorities in the NWT? Please list them below.

Regarding student training and public education, we are seeking some clarity on what skills you see as the most important for student training, and what target audiences/messages you would like geological surveys to focus on should we increase our investment in public outreach and education. Please provide input on the following:

3. With respect to the roles of geological surveys beyond those noted in questions 1 and 2, please indicate whether you feel the following activities are important for surveys to take on:

Y / N

Y / N

Y / N Hands on training of geologists

Y / N Public education on geoscience

4. For hands-on training of geologists, rank the following items in terms of importance (1 most important):

Field Mapping Metallogeny Other _____

Petrology Geophysics

5. For public education on geoscience, rank these audiences in terms of importance (1 most important):

___ General Public ___ Youth ___ Other _____
___ Indigenous Communities ___ Tourists

6. What geoscience information is the most important to communicate to the public (1 most important)?

___ The mining cycle ___ Landscapes ___ Groundwater
___ Energy ___ Other _____

Other comments?

Thank you in advance for your participation.

Name: _____ Email: _____

Company/Affiliation _____ Tel: _____

Geoscientist Prospector Engineer Student Other _____

Please send your completed survey to Landen_Powell@gov.nt.ca.
